

## **Dr. McCarley's Medication Policy**

1. If you need a refill on your medication, please call between normal business hours. Please allow up to 24 business hours to process your request. Medications are refilled on a patient-by-patient basis and never refilled over the weekends or after normal business hours.
2. Please call several days before your supply of medication runs out. "A mistake on your part does not necessitate an emergency on our part."
3. We request that you use the same pharmacy for all prescriptions and use only one physician to obtain pain medications.
4. Each patient is allowed one "my dog ate my prescription" or "the pills fell into the toilet" before an evaluation of his/her medication/treatment plan is required.

Thank you very much for your understanding and cooperation in following these very simple policies.

Thank you,

*Dr. David H. McCarley*
